

AMERICA FIRST IN MARINE BILL

Measure for Reorganization
Completed by
Committee.

MUST BE OWNED HERE

Preponderance of U. S. Capital
Is Required—Shipping
Board to Have Control.

WASHINGTON, April 28.—An American merchant marine operated under a reorganized shipping board is provided in a bill reported favorably to the senate this afternoon by Senator Jones, republican of Washington, chairman of the senate committee on commerce.

The bill specifies that the board establish steamship lines and trade routes to the world's markets of goods and passengers, and to develop American shipping enterprise under private ownership or through government operation, if possible and necessary.

Preference in the establishment of such routes through sale or assignment of ships must be given to citizens who are interested in commercial routes or by those who are already maintaining a service in the general direction of the new route, it is stated in the report accompanying the bill.

This bill is sponsored by chairman Jones and senators McNary, Calder, New York and Colt, Rhode Island, republicans and Fletcher, Florida; Chamblain, Oregon; Randall, Louisiana and Simmons, North Carolina, democrats.

Provision is made in the bill for the reorganization of the U. S. shipping board, with a membership of seven—two from Pacific states; two from Atlantic states; one from a Gulf state; one from a Great Lake state and one from an interior state, no two to be appointed from the same state.

It is stipulated that American coastwise shipping must be 100 per cent American owned and corporations and associations engaged in foreign commerce from American ports must be 75 per cent American owned.

While the board is permitted and authorized to dispose of vessels, built, operated or taken over by the United States during the world war, it is required to show good cause why they should be sold, especially to aliens or foreign interests.

LAUNCH CLEANUP DRIVE FOR TULSA

CONTINUED FROM PAGE ONE
of rubbish free of charge during the week.

Citizens will also be asked to report undesirable conditions in each precinct to the precinct chairman.

It is expected that the cleaning will extend to the garrets of the homes of the city and humane and relief agencies will be prepared to collect cast-off clothing, wheel chairs for invalids, or other articles no longer of use to their owners which may be of use to others. The Civic league will also call attention during the week to the anti-expectorator ordinance and will suggest aids for beautifying and improving property.

Mrs. Arthur H. Craver, one of the committee chairmen of the Civic league, was instructed to present the plan to the Rotary club and to request prizes for the best cleanup work done in each district be awarded to school children. The furnishing of free fly swatters by merchants of the city will also be taken up with the Ad club.

It was also voted by the executive board of the Civic league yesterday that Dr. Dixie B. Tucker, in charge of rural sanitation in Oklahoma and the only health officer in this capacity in any state in the union, be invited to address a public meeting on sanitation on the evening of May 11 in the municipal auditorium. Mrs. Sada Grommet, county home demonstrator, was instructed to extend this invitation immediately. Doctor Tucker, who is the wife of Major Tucker, a surgeon of the army, is now at A. & M. college at Stillwater.

General members of the Tulsa Civic league elected yesterday to the executive committee were Mrs. M. L. Edwards and Mrs. L. A. Cahill.

Precinct captains and assistants will meet in the public library Tuesday afternoon, May 4.

AUTO OWNERS ARE WARNED

Half of State Car Proprietors Will
Be Subject to Arrest Saturday.

OKLAHOMA CITY, April 28.—Half the automobile owners in Oklahoma will be subject to arrest Saturday, Henry Wood, state highway commissioner, said today, as at least that many have not applied to the state highway department for 1920 licenses.

The department has received application for licenses from only 112,000 automobile operators since the first of the year despite the fact that the final date has been extended three times, Wood said, and he declared no more extensions of time would be granted. Prosecutions will be begun at once, he said.

ASK REHEARING IN STEEL CASE

Government Petitions
Supreme Court for
Another Trial.

WASHINGTON, April 28.—The
federal government today asked the
supreme court to rehear its decision
in the steel case against the United States
Steel corporation.

According to the government, the
steel corporation is a "combination
of combinations" by which directly
or indirectly approximately 180 in-
dependent concerns were brought
under one business control, thereby
giving it not only the assets and busi-
ness of that number of enterprises,
but the advantage of their elimina-
tion from the field of competition.

The bill recently was decided
against the government by a vote of
4 to 3 with two members of the
court abstaining from participation.
Action on the motion will be taken
later.

Counsel for the government said
the steel case "would seem to fall

combination under the antitrust act
would appear to conflict with the
conclusions expressed in that and
other decisions.

Appointment Accepted.

OKLAHOMA CITY, April 28.—
Acting for the state of Oklahoma,
Attorney General S. P. Freeling to-
day wired Attorney General Palmer
agreeing to the appointment by the
supreme court of a special master to
hear evidence in the Red river oil
and venture case.

The master is to
hear complaints of private owners
of land in the Red river district
against the receivership established
by the federal supreme court.

AMUNDSEN IS RETURNING

Explorer Is on Way to Nome, Alaska,
Navy Department Hears.

WASHINGTON, April 28.—Roald
Amundsen, who set out two years ago
in an effort to reach the North pole,
is returning to Nome, Alaska, ac-
cording to a message received by the
navy radio station at Cordova,
Alaska, today from Anadyr, Siberia.
Amundsen arrived at Anadyr last
week from his ship, the Maud which
is icebound near the mouth of the
Kolyma river, and left soon after-
wards. From Nome he will go to
Seattle under his present plans.

WE'RE FOR IT

*The big idea back of the
overall club is economy*

THE desire for economy in clothes seems to be wide-
spread. we are for it. It is something we have been try-
ing to encourage in our advertising. We consistently urge
economy. We believe that people who do not need clothes
should not buy them. There have not been enough clothes in the
country to go around and anyone who can get along with the
clothes he has, is rendering a public service.

We have also said that if you do buy clothes for reasons of self-
respect or other aesthetic feelings, you should buy the kind of
clothes that will be the least wasteful.

Economy in clothes is not simply in paying a low price for
them; it is not getting a certain amount of cloth and tailoring,
for clothes are something more than a mere covering for the
body.

You'll find here economy in Hart Schaffner
& Marx clothes; we guarantee that they'll
give all the value, wear and style you ex-
pect to get in any clothes—if not, money
back.
